

Advanced Pre-K (A Kindergarten Prep Program)

- This program is open to Pre-K students who are ready for the challenges of an **accelerated curriculum**.
- It provides an opportunity for families choosing to give their child **an extra year before Kindergarten**. If your child **misses the cutoff date for Kindergarten** and is **ready for more than a traditional Pre-K program**, this is an option for you.
- This class meets Monday through Friday 9:30 – 2:30 and is designed to **challenge the individual needs of each child** through the use of **differentiated instruction**.
- Advanced concepts in **math, reading, and writing** are a core part of our program.
- **Technology, hands on activities, small group instruction, guided reading and physical education** create an atmosphere where your child will have the opportunity to excel.
- **Experienced staff** and a **positive environment** create the perfect atmosphere for students to experience **academic and social success**.
- This is the perfect way to **prepare your child** for the rigors of a full day Kindergarten program!

New Program for 2017-2018
